The *Deep River Conservation and Inland Wetlands Commission* held a site walk on Wednesday, May 13, 2009 on property of Leroy Holdmeyer and Michelle Holdmeyer. The meeting was called to order at 6:10 a.m.

Members present: Susan Board, Ron Larsen, Carol Libby, Alan Mizejeski and Mark Reyher (Alternate Member and Wetlands Enforcement Officer)

Also present: Nancy Howard (recording secretary) and Leroy Holdmeyer.

Members Absent: George Atwood, Carmela Balducci, John Szymanski, and Alternate Michael Tomlinson.

Commission members visited the site to review the current condition of the property. Nine cows were on the property. Commission members inspected the continual flow through the property and then directed by a pipe into a pooled area prior to the outlet to Wrights Pond. Members discussed recommending best management practices for the site. A small pond dug in the low area with wetland plants prior to the pipe would slow down the water to the outlet.

The site walk adjourned at 6:30 p.m.

Respectfully submitted,

Nancy J. Howard

Recording Secretary
